

UK FOLKBOAT ASSOCIATION INTERNATIONAL REGATTA

UK Nordic Nationals/Walcon Cup and The Sessan Cup

17 – 22 September 2022

Dear Folkboat Friends,

On behalf of the UK Folkboat Association I am writing to extend an invitation to come and race in the UK in a combined regatta incorporating the UK Nationals and Walcon Cup back to back with the Sessan Cup, 17 – 22 September 2022.

The regatta will be a week of prestigious racing hosted by The Royal Lymington Yacht Club and will include celebration of the club's centenary as well as the Nordic Folkboat 80th anniversary.

We hope to be able to offer sponsored assistance with boat transport, and already have in place sponsored launching and free berthing. Visiting crews will be offered accommodation with local members. There will be a great programme of social events including a visit to the Royal Solent Yacht Club on the Isle of Wight.

Racing will be held in Christchurch Bay and will be windward/leeward format, with white sails and whisker poles. The Royal Lymington has a reputation of high level race management developed after many years of running international events.

We look forward to making this an international regatta to remember and assure visitors of a warm welcome to Lymington and a great racing experience.
